

A DREAM COME TRUE

I cannot believe it's time to join our lives forever.
I'm feeling so overwhelmed, I don't really understand.
I've been waiting all of my life. So, nothing can be much better
than having you by my side. I want you to, take my hand.

I'm standing close to you,
about to say, "I do".

'Cause your love took my heart
right from the start.
When I first laid my eyes on you,
it was a dream come true.

The dawn of a new beginning, choirs of angels singing.
The Author of Love is here, I'm feeling like coming home.
Even though if death do us part or heavenly bells are ringing
I truly be yours, my love, in times that has yet to come.

You're standing close to me,
the only one I see.

'Cause your love took my heart
right from the start.
When I first laid my eyes on you,
it was a dream come true.

For you're the one that I really love,
which someone sent from above.
Yeah!
The missing part of my longing soul,
will finally make me whole.

'Cause your love took my heart
right from the start.
When I first laid my eyes on you,
it was a dream come true.

Now, when I lay my eyes on you,
it surely is a dream come true.

ADVENT

Advent, advent, vi väntar på Gud,
som kommer till oss enligt Ängelens bud.
Han frälsa skall all mänsklighet
från död och till liv i all evighet.

Guds Ord blir kött, en mänsklig gestalt.
Till moder en jungfru, allt som Gud befallt.
Och Jesus är det namn Han skall ha.
Din synd och din sorg, Han på sig vill ta.

Stå upp och se Guds kärlek så stor.
Han som är vår Fader skall här bli vår bror.
Av nåd nu hoppets ljus blir tänt.
Vi väntar i mörkret, uti advent.

A SIMPLE TUNE

I'm sitting in my room and playing the guitar.
I'm not too skilled, but I'm really trying hard.
I'm looking for melodies and chords that I do like.
One after one they come to me,
and soon I'll have a song, you'll see.

The intro's down and now I'm working on this verse.
I like the way it sounds, but I need to rehearse.
I play it around and 'round, and soon I'll get it right.
I know this song comes from above,
it's sent from heaven as a gift from God of love.

Na-na-na-na-na, I hum this simple tune.
Na-na-na-na-na, That I will give to you
Na-na-na-na-na. Could need some lyrics too.
It should be something that's of worth,
to honor You, my dear, whom I love most on Earth.

Another verse is added, that's how it should be.
The song sounds better then. It's nice, don't you agree?
But I will keep it short, in case that you'll dislike,
'cause it's the chorus that will stuck.
So, let us play it one more time and it will rock!

Na-na-na-na-na, I hum this simple tune.
Na-na-na-na-na, That I will give to you
Na-na-na-na-na. Could need some lyrics too.
It should be something that's of worth,
to honor You, my dear, whom I love most on Earth.

A bridge in minor key, (I tell you why!)
'cause I can't find the words that will express my love for Thee.
I hope you like the music anyway.
Let's sing the chorus once again or what do you say?

Na-na-na-na-na, I hum this simple tune.
Na-na-na-na-na, That I will give to you
Na-na-na-na-na. Could need some lyrics too.
It should be something that's of worth,
to honor You, my dear, whom I love most on Earth.

But now the music needs to stop.
I feel an ending coming up.
I still haven't found out what to say, what can I do?
Maybe this song was not the best, but still it shows my love for you.

My love for you...for you...just for you.
Still it shows my love for you.

A SPIRITUAL NIGHT

Darkness surrounds me, I don't know where I belong.
Doubts, deep within me, twisting my mind, though I'm strong.
I have tried to ignore it, it won't go away and I'm pushed to the end of the line.
There I stand, on my own, 'cause this battle is mine.

But I have a hope, that one day
I will find the right way
to free my soul, make it clean. I keep trying and trying, it's all that I can do.
I'll stay true.
Won't give up,
cannot stop.
I'll be searching for the light,
without fright,
in this spiritual night.

Life changing questions fill up my head once again.
I'm stumbling further, suffer in anguish and pain.
I must pull it together, to get one more chance, and move forward one step at a time.
Need the truth, want to know how to reach the sublime.

But I have a hope, that one day
I will find the right way
to free my soul, make it clean. I keep trying and trying, it's all that I can do.
I'll stay true.
Won't give up,
cannot stop.
I'll be searching for the light,
without fright,
in this spiritual night.

I am longing to see the things that I never did see
and to hear what I never did hear.
I am longing to find the key to the great mystery,
and a meaning to why I am here.

I have a hope, that one day
I will find the right way
to free my soul, make it clean. I keep trying and trying, it's all that I can do.
I'll stay true.
Won't give up,
cannot stop.
I'll be searching for the light,
without fright,
in this spiritual night.

BELIEVE

How can I find you, where do you hide?
How can I reach you, where do you reside?
I have been talking to people who say:
"Just start to pray!"

How can I see you, where shall I look?
How can I hear you by reading a book?
Some people tell me that I'll be okay
if I just pray.

Can I trust what they say?
Must I obey?
And if that is the way,
teach me to pray!

Is that how I must do?
I don't know if it's true,
all I have heard, that you need to believe,
then you'll receive.

How to have faith when doubt's in my mind?
What can I do then, I seem to be blind?
Can I rely on the promises made?
I feel afraid.

Are they telling me lies?
Better be wise.
So, I got to think twice.
I'll pay the price.

Is that how I must do?
I don't know if it's true,
all I have heard, that you need to believe,
then you'll receive.

Here I go, coming
as I am, begging
for a sign, saying:
"Just anything!"

Is that how I must do?
I don't know if it's true,
all I have heard, that you need to believe,
then you'll receive.

DESIRE

You're on my mind. I feel so good, you get me going. You turn me on, make my heart burn like fire.
I want you,
I need you.
I will show my love for you tonight.
Time is right,
'cause I've got you in sight.

So, I have to take this one shot,
make you mine, gotta get what you got.

I need all of you now
when I call for you. How
come I feel so alive
when you're near, by my side?
Give it all to me now!

As you come close, I turn to you. My body's burning. I sense the heat, makes me losing control.
Just take me,
I'm ready.
Never, ever loved somebody more,
that's for sure.
But you seem insecure,

'cause you start to push me away
from your side. Baby, why won't you stay?

I need all of you now
when I call for you. How
come I feel so alive
when you're near, by my side?
Give it all to me now!

Come on, come on! Whoao!
Come on, come on! Oh, no!

Why do you fear me?
I want you near me.
Oh, baby! Oh, baby!
You've lit the fire,
you're my desire!

That is why I need all of you now
when I call for you. How
come I feel so alive
when you're near, by my side?
Give it all to me now!

DO NOT FEAR

Danger!
A stranger
's hunting in the street.
Lurching,
searching
for a piece of meat.

Walking,
stalking
me, 'cause I'm alone.
Galling!
Calling
mommy on the phone.

She says: "Now, take care
You have to try to stay calm!
I understand you're scared,
but none will do you harm!"

Do not fear,
God is there!
Close, so near
to you, my dear!"

Never,
ever
I've been so afraid.
Trying,
crying,
begging for His aid.

Praying,
saying:
"God, take this away!"
Hurrying,
worrying,
to another way.

But then, suddenly,
this shadow's gone and I'm free.
Was someone chasing me?
Was it my fantasy?
And here, while I roam,
I try to gain some control.
When I get close to home,
I hear my mommy's call:

"Do not fear,
I am here!
Close, so near
to you, my dear!"
Never fear,
God is there
and His Angel
with a spear!

EN UNDERBAR DAG

Sakta över himlen svalan där seglar i ro,
söker sitt bo
bortom havets vågor. På en stenig strand jag funnit min frid,
för en tid
Solens strålar värmer mig. Livet känns bra,
jag är gla'
för att det är en så underbar dag

Pilträäd vid min sida skuggar mig och det känns skönt.
Vildgräset grönt
står bland ängens blommor. Där i hagen hästen springer sitt lopp,
i galopp.
I min närhet, kärleken. Allting är bra,
som det ska
för att det är en så underbar dag.

Men som alltid har allt sitt slut:
"Födäs, leva och dö".
Ängens blommor vissna, gräset blir hö.
Fast Din kärlek dör aldrig ut,
Du är det som finns kvar
och i Dig kan jag se allt som en gång var.

Håll mig tätt intill Dig. Tag min hand, visa mig rätt.
Lekande lätt
Kärleken mig leder och när jag när fram, med Dig i min hand,
går i land,
finner jag det paradís
där vi ska leva tillsammans i en evig och underbar dag.
Ja, du och jag i en underbar dag.

FOREVER (BY YOUR SIDE)

I never knew that anyone could mean that much to me.
You've opened up my heart and soul, only to make me see.
You always stand up for me, even in the darkest hours when no one else would even care.

So, I will stay forever by your side,
'cause then I'll find the heaven open wide.
And, I will pray that nothing ends this ride
until the end of time.

I used to think that love was just a game to play and win.
I only cared about myself, a path that leads to sin.
But now I know that love's a sacred gift one gives for free, like you gave everything for me.

So, I will stay forever by your side,
'cause then I'll find the heaven open wide.
And, I will pray that nothing ends this ride
until the end of time.

Life is all about learning to live.
Love is all about learning to give.

That's why I'll stay forever by your side,
'cause then I'll find the heaven open wide.
And, I will pray that nothing ends this ride
until the end of time.

I will pray until the end of time.

FRIENDSHIP

Every day and wherever I go I am surrounded by those friends
who are always telling me they love me, but then I know that it depends
whether I fit into their soulless, superficial, plastic world,
where I will be accepted only if I do as I am told.

I wanna break free!

You gotta break free!

I'm sick and tired to hear about how they want me to be.

I wish they could see!

They're going to see!

That I have found somebody now who really cares for me.

'Cause He's the One who's set my heart on fire.

No one else, He's my one desire.

Everything, He's given all for me.

He turns my life around and sets me free.

He's the One who makes me jump and swing,

up and down, I wanna dance and sing.

I'm filled with love, like I'm going to burst,

but He's the well and He will quench my thirst.

Now, I am afraid of what they're going to do on that day they will found out
that I do know the truth of what their so-called friendship's all about.

I wanna be strong!

You gotta be strong!

Or else I'll be a fake as well for all eternity. I know they are wrong!

Oh, they are so wrong!

I wish they opened up their eyes and face reality...

...that He's the One who's set my heart on fire.

No one else, He's my one desire.

Everything, He's given all for me.

He turns my life around and sets me free.

He's the One who makes me jump and swing,

up and down, I wanna dance and sing.

I'm filled with love, like I'm going to burst,

but He's the well and He will quench my thirst.

He's the One who's set my heart on fire.

No one else, He's my one desire.

Everything, He's given all for me.

He turns my life around and sets me free.

He's the One who makes me jump and swing,

up and down, I wanna dance and sing.

I'm filled with love, like I'm going to burst,

but He's the well and He will quench my thirst.

GUD TYCKER OM ALLA

Jag vill sjunga om Gud, helige!

Ja, Gud är bäst, för att Han alltid finns hos oss.
Ja, till och med när vi gör fel, så vill Han hjälpa till.

För Gud tycker om alla lika mycket!

Om du blir arg på Gud och inte vill Han ska bry sig,
då tror du kanske Han hatar dig, fast det är inte sant!

För Gud tycker om alla lika mycket!

Så vill du att allt ska bli bra, be till Gud
och ta emot Hans kärlek och följ Hans bud!

För Gud tycker om alla lika mycket!

I AIN'T YOURS NO MORE

Heading away.
Don't want to stay.
Now, how could you be so cruel?
You treated me like a fool.

Once I was so glad when you came. You were changing my life, and I loved you.
Why did you hurt me?
Why did you break my heart?
You were all that I had, all I wanted, but now it is over and I ain't yours no more.

Time passes by.
Memories won't die.
It's something I can't forget
and even if you regret...

...you won't understand what you've done to my soul and my life. I did trust you!
Why did you use me?
Why did you made me cry when I gave you my heart?
I believed you, but now it is over and I ain't yours no more.

I'm trying to turn the page, moving forward, step by step.
My God is my guide and He will show the way.
I won't go astray.

Still it's hard, 'cause I wonder:
Why did this happen?
Why did you let me down while you said we were meant for each other?
Maybe we were, but it's over now and I ain't yours no more.

Oh, no more!

I'LL TRY

I'm waking up to a brand-new day.
I'm turning on the TV-news and wonder what they'll say.
People cry, people die, great misery and pain.
Pure evil thoughts and doings, the whole world has gone insane.

I wonder when this will ever end.
and how many days we people spend,
waiting for someone else to clean up this mess. But I can't wait no longer now, I'll try to do my part.

Well, I know it ain't much,
but don't wanna be such
kind of girl that just complain
that nothing is done. Need to start
within my heart.
Gotta do what I can,
giving someone a hand.
I won't live my life in vain.

I'm going out on a city street.
Someone is sitting by a wall, among a thousand feet.
No one looks, no one knows about that homeless man.
He's begging on his knees, but no one gives a helping hand

What can I do, what can I say?
I turn to the man and start to pray
that God the almighty lets me share His own light for this child in need, 'cause I really want to try to do my part

Well, I know it ain't much,
but don't wanna be such
kind of girl that just complain
that nothing is done. Need to start
within my heart.
Gotta do what I can,
giving someone a hand.
I won't live my life in vain.

The world will be a better place,
'cause God is love and in His grace
someday he will renew it,
bring peace and justice to it.
But until then I just will try to do my part.

Well, I know it ain't much,
but don't wanna be such
kind of girl that just complain
that nothing is done. Need to start
within my heart.
Gotta do what I can,
giving someone a hand.
I won't live my life in vain.

IF I ONLY KNEW

There I was, abandoned and alone.
Time was standing still, and I was gone.
Lost and confused, with a heart full of shame.
My self, the only one to blame.

I recall the day you came to me.
You showed what love's about, but I let it be.
You gave it all to me, and what did I do?
Denied my feelings for you.

And I was never so wrong as when I turned my back on you.
How could I ever let you go? I'd tell you, if I only knew.

Suddenly I felt you by my side.
I fell down on my knees and started to cry.
I didn't understand the meaning of love,
that it's sent from above.

And I was never so wrong as when I turned my back on you.
How could I ever let you go? I'd tell you, if I only knew.

I said: "I'm sorry for the way I have been.
My heart is broken, 'cause I have made a sin!
Please, forgive me! You are all that I need.
Please, listen when I plead!"

And I was never so wrong as when I turned my back on you.
How could I ever let you go? I'd tell you, if I only knew.

KYRIE

Kyrie eleison!

Herre, förbarma Dig!

Fader, här är jag nu.

Gud, ingen är som Du.

Därför jag lämnar mig.

Ja, allt jag ger till Dig.

Christe eleison!

Kristus, förbarma Dig!

Herre, jag faller ner

och nu till Dig jag ber:

Skänk mig ett evigt liv,

för alltid hos mig bliv.

Kyrie eleison!

Herre, förbarma Dig!

Fader, av nåd så stor

Din Ande i mig bor.

Lär mig nu helt Din lag

och hjälp mig varje dag.

LIAR

Facing the truth won't be easy for you
if you are playing with right and wrong.
Lying and cheating is all that you do
and you've been doing it much too long.

If you don't stop messing around with my life,
then you won't see me anymore. A lying cheater I do really despise...

...and I do know that you won't lift me high,
up to the sky.
You're reaching the point when it's time for goodbye
Why try?
You just deny
But it's not gonna make me cry.

You think I'm weak, but I am really strong,
since I do know all your little games.
Why not just tell me to whom you belong.
I guess with him in the burning flames.

If you don't see what I am able to be,
then you will never understand. Now, all I want is that you let me be free...

...from your belief that you might lift me high
up to the sky.
You're reaching the point when it's time for goodbye
Why try?
You just deny
But it's not gonna make me cry.

You're a liar,
right from the fire
You can't lift me up!
Can't take me higher,
with your desire.
I've had enough.

You'll never lift me high,
up to the sky.
You're reaching the point when it's time for goodbye
Why try?
You just deny
But it's not gonna make me cry.

LIVING IN VAIN

I tell you, here we go again,
one more life right down the drain.
This young one didn't make the run,
a wasted soul, forever gone.

Just another child who was living wild,
but who never smiled.

Now, this can't go on, it's insane, feel my pain, feel my fear.
'Cause young people die, others cry. Don't know how we got here.

Are you that blind or won't you see,
this is harsh reality.
When, in this game, you throw the dice,
prepare to lose and pay the price.

Better truth than lie, better laugh than cry,
better live than die.

Now, this can't go on, it's insane, feel my pain, feel my fear.
'Cause young people die, others cry. Don't know how we got here.
It's time for a change, turn around, start all over again.
The sooner, the better, no life is worth living in vain.

Now, this can't go one, it's insane, feel my pain, feel my fear.
'Cause young people die, others cry, don't know how we got here.
It's time for a change, turn around, start all over again.
The sooner, the better, no life is worth living in vain.

LONG-LOST AND GONE

I don't know where you are, I don't know where you're going.
I don't know what you do, I don't know what you're thinking about.
I don't know if you laugh, I don't know if you're crying.
I don't know if you're lost, I don't know if you've found a way out.

So far away, but still so near, when I'm thinking 'bout you.
So much I would say and so much I would do.

I've been standing alone
since you've been long-lost and gone...
My heart was torn into thousand pieces. It has never been healed.
Now, forever concealed
I will keep all my love deep inside, safe and sealed.

You don't know how I felt, you don't know how I'm feeling
You don't know that I care, you don't know that I'm praying for you.

Too much to take, too much to bear, like a nightmare come true.
Asleep and awake, I'm longing for you.

I've been standing alone
since you've been long-lost and gone...
My heart was torn into thousand pieces. It has never been healed.
Now, forever concealed
I will keep all my love deep inside, safe and sealed.

You were everything,
more than anything.
You had something that I could not explain.
And I'm missing you,
wish you miss me too.
O, yeah!
Have to carry on,
just keep moving on.
Get along with my life, I must go on.
But, I'll never forget
the day that we met.

I've been standing alone
since you've been long-lost and gone...
My heart was torn into thousand pieces. It has never been healed.
Now, forever concealed
I will keep all my love deep inside, safe and sealed.

LUCIAHYMN

Lucia är här. I skrifter står skrivet;
hon, renad och skär förlorade livet,
likt Jesus på korset som offrade sig
för människosläktet, för dig och för mig.
Sitt kors fick hon bära, hon dog för sin tro;
att Jesus är vägen till himlen, en bro.

Lucia är här nu upplyst blir huset.
Om Jesus hon lär, Han som själv är ljuset.
En lykta från himlen, Guds levande ord,
som söker i mörkret var själ på vår jord.
Så vakna, stå upp nu i midvintertid.
Var glad, för en Gud som vill ge av sin frid.

Lucia är här, din räddning är nära.
Det ljuset hon bär skall du också bära
om du följer Jesus, vår Herre och Gud.
Han kläda dig vill i den vitaste skrud
och rena från synd, ge dig evighetsliv.
Tag så emot ljuset, ett Guds barn nu bliv.

LOVE CHILD

I feel secure and safe within your presence.
You are my guard, my shield and my strength.
I'll never fear. You're running my defenses.
You're in control, and you'll never change.
You won't deceive me, never ever leave me.
I'm standing strong with you by my side.
You're keeping watch, so nothing bad can reach me.
I lean on you, 'cause you've never lied.

Day after day your love embraces me,
bringing me all that I want, all I need
and that's why I will stay wherever you will be,
I am the fruit of your seed.

'Cause I'm a Love child, child of love. Never unwanted, forever beloved.
I'm a Love child, love child. Heavenly gift from above. Blessed, protected by you, Almighty God.

In times of weakness, you will give me power.
When darkness rules, you'll lighten my day.
I'm not afraid to totally uncover
my deepest thoughts for you're while I pray.

Leading my way,
you're watching over me,
raising me up when I fall, you're my guide and that's why I will stay
wherever you will be, I am the fruit of your seed.

'Cause I'm a Love child, child of love. Never unwanted, forever beloved.
I'm a Love child, love child. Heavenly gift from above. Blessed, protected by you, Almighty God.

Forever and ever
I'll love what you do.
Yes, forever and ever
I'll hold on to you.

'Cause I'm a Love child, child of love. Never unwanted, forever beloved.
I'm a Love child, love child. Heavenly gift from above. Blessed, protected by you, Almighty God.

MIN VÄN

Åh, vad allting är bra.
Livet är så härligt och jag är känner mig gla'.
Och nog tycker ju jag
alla ska få känna så som jag varje da'.

Men då tänker jag så;
mår man inte bra kan de va' svårt att förstå.
Därför om det nu går
vill jag säga varför jag är glad, om jag får.

Jag har en vän som är allting för mig,
som tycker om mig, att jag är okej,
en som vill hjälpa när jag har det svårt,
när allting känns så hårt.

Vill du ha en sådan vän så ropa till Gud
som hör minsta ljud
och som finns för alla här på jordens så rund.
Ja, vareviga stund.

Är du ensam och rädd?
Kanske du blir retad eller aldrig blir sedd.
Det är inte ok.
Du är värd att älskas, både kille och tjej.

Jag vet att någon nu väntar på dig,
som tycker om dig och vill säga: "Hej!".
En som vet mer om dig själv än du tror,
och i sin himmel bor.

Vill du ha en sådan vän så ropa till Gud
som hör minsta ljud
och som finns för alla här på jordens så rund.
Ja, var eviga stund.

NYÅRSBÖN

Snart året har till ända gått.
Nu allt däri är minnen blott.
All glädje, sorg. Ja, stort som smått
i tidens töcken falnar bort.
Men pris ske Gud för allt jag fått
och tack för att min tro bestått.

Ett år går fort. Om än jag vill
att tiden nu må stanna still,
så är det ej vad min Gud vill.
Dock ger Han kraft och mer därtill
när jag i ångest nästintill
ser tidens slut så tätt intill.

Nu möter mig ett okänt år.
Så rent och tomt, helt utan spår.
Av all min kraft, vad jag förmår,
jag Gud vill följa vart jag går.
Ty, i mitt hjärta jag förstår;
Guds vilja ger det som består.

ONE CHANCE

Emptiness, loneliness,
longing for someone who knows you,
who shows you grace,
and who sees what lies within.

He knows you, it is true,
'cause He has followed you
closely through all your days,
and He knows your deepest sin.

Come to Him and you'll see,
He will lighten up your life and set you free,
fill that hole in your soul.
Don't be afraid to lose control.

He is here, standing near,
closer than you can imagine,
wants your embrace.
But, you'll never let Him in.

Come to Him and you'll see,
He will lighten up your life and set you free,
fill that hole in your soul.
Don't be afraid to lose control.

*"He's the way, He's the truth and the life!"
Give Him one chance.*

Come to Him and you'll see,
He will lighten up your life and set you free,
fill that hole in your soul.
Don't be afraid to lose control.

Time has come, to become
all that you were meant to be. Just trust in Him.
Take a stand, grab His hand
and walk into His wonderland.

ONLY GOD CAN JUDGE ME

Now, who are you to tell me what I'm going through?
How could you ever understand?
Whatever gives you right to tell me what to do?
Don't need you to lead me by the hand.

I can handle my life. I don't need your advice.
I've got all I need, I know what I want, I'm playing around and having fun!

I won't give it all away because of you!
Only God can judge me, and he loves me too!

So, if you are my friend and really care for me,
you better accept the way I live.
You only got one life and I do wanna see
and get all the best it has to give.

You say I need a change, but I really know what is wrong.
I'm all that you want, the talk of the town. I'm living your dream, I'm having fun!

I won't give it all away because of you!
Only God can judge me, and he loves me too!
Isn't it what you have told me, that it's true?
So, don't lecture me by saying what to do!
And treat me like I'm not as good as you.
I'm just having fun, you ought to try it too!
You should really do.
Come on, try it too!

Take a look at yourself. What do you have to give?
You think you're so cool, 'cause you found a way, You just have no life, while I have fun!

I won't give it all away because of you!
Only God can judge me, and he loves me too!
Isn't it what you have told me, that it's true?

Only God can judge me!

OPEN WIDE

Now the time is running
faster than light
and the day is turning
into the night.

Then I have to try to show
all my feelings for you,
but it's so hard to know
what to say, what to do.

I've waited so long.
I've tried my best to stay strong.

But, I'm shaking,
I'm breaking,
falling apart.
I am not faking
this loveburning heart.

When I see you, hear you
calling my name. Got no clue
what to do,
but I have to be honest and true.

I've waited so long.
I've tried my best to stay strong.

But, I'm shaking,
I'm breaking,
falling apart,
feeling this heat on the inside.
I am not faking
this loveburning heart.
I really want you to see what I hide, open wide.

Got to tell you all that I feel,
got to show my love for you.
Got to let you see what is real,
what else can I do?

But, I'm shaking,
I'm breaking,
falling apart,
feeling this heat on the inside.
I am not faking
this loveburning heart.
I really want you to see what I hide, open wide.

Got to tell you while I still got a chance and this is a start,
a wide-open loveburning heart.

PRAISE TO THE LORD

Life can be hard
when you're trying to find out
who you really are
and what you're all about.
Looking around,
searching for an answer.
You need to get down to the ground,
You're a dreamer, a romancer.

Come on, listen to me.
I know where you are,
but there is a way to be free.
Just let God into your heart...

...and join this chorus.
Come along, sing it with me!
Put your heart into this worship song and sing: Praise to the Lord!

Sometimes you feel
that life's without no meaning.
You wonder, for real,
if there's a point of you're just being.

Slow down, listen inside.
Someone's calling for you.
The Lord of all won't leave you aside
Let me tell you what you got to do.

Now, join this chorus.
Come along, sing it with me!
Put your heart into this worship song and sing: Praise to the Lord!

Feel the Spirit,
flowing on like a river inside.
Feel the power when He touches your soul and give praise to the Lord!

God is good, He gives you everything you need! He's the answer you've been searching for!

Join this chorus.
Come along, sing it with me!
Put your heart into this worship song and sing: Praise to the Lord!

Feel the Spirit,
flowing on like a river inside.
Feel the power when He touches your soul and give praise to the Lord!

SANKTA LUCIA

Stilla nu vilar skogar och vatten.
Stjärnklar och kall är midvinternatten.
Snödunen lätta, höres ej falla.
Tystnaden råder över dem alla.

Sakta i fjärran, lik en gudinna,
nalkas en vitklädd ljusbärrinna.
"Strålände klarhet, kom att befria!
Skänk oss nu ljuset, Sankta Lucia!"

Slumrande själar, vakna nu alla!
Hör, sådan ljuvlig tärnesång skalla.
Snövita skaror hoppet oss sänder,
när i var stuga ljusen de tänder.

Dagen är nära, tålmodigt bida!
Dunkelhet flyktar, där de må skrida.
"Flammande strålgång, gör oss nu fria!
Mörkret betvinga, Sankta Lucia!"

SAVE ME

Times of confusion,
I hear this voice inside my head.

I am this voice inside your head!

Moral pollution,
now makes me question what was said.

It's time to question what was said!

Have I been living in a daydream? I do not know, that's why I scream:

“Save me, save me!
Save me from myself if you can hear me!
Need you more than ever just to tell me;
what is true reality?
Now help me, help me!
Let my soul be free!”.

Everything changes
and doubt's arising in my heart.

Now doubt's arising in your heart!

Different stages.
Did I go wrong right from the start?

You did go wrong right from the start!

Need help to clear my mind and senses, find out what's right and then confess.

“Save me, save me!
Save me from myself if you can hear me!
Need you more than ever just to tell me;
what is true reality?
Now help me, help me!
Let my soul be free!”.

SECRETS OF MY SOUL

Deep inside there is a story
that is waiting to be told.
There's no sense of pride and glory,
more of shame never unfold.

Will there ever be one day for revealing all the...

...secrets of my soul.
Need help to make me lose control,
a time for restoration of my heart.
Will I get one more chance
to live a life of joy and dance?
Come set me free and give me a new start.

I've been hiding much too long now
and I'm tired of all these lies.
So, it's time to face the truth now,
reconciling with the skies.

Yes, I'm waiting for a day which uncovers all the...

...secrets of my soul.
Need help to make me lose control,
a time for restoration of my heart.
Will I get one more chance
to live a life of joy and dance?
Come set me free and give me a new start.

Ain't looking for forgiveness. No, all I want is to leave my past behind and all the...

...secrets of my soul.
Need help to make me lose control,
a time for restoration of my heart.
Will I get one more chance
to live a life of joy and dance?
Come set me free and give me a new start.
and a guidance for my heart,
so I'll never fall apart.

Just a helping hand of love.
Though I am unworthy of
such a wonder from above.

SING HALLELUJAH!

Sun is rising, a new day.
Sunday morning, feels ok,
'cause it's time for me to go
to a nearby church I know.
When I get there, soon I see
all my friends, my family.
In this holy atmosphere
God is everywhere.

Everybody come and sing.
Now exalt our King.
Young and old, let every voice
in the Lord rejoice.

So, sing Hallelujah, sing Hallelujah.
We are gathered here today,
to praise our God and pray.
So, sing Hallelujah, sing Hallelujah.
God is love, He can't do bad,
that's why He makes me glad.

Then the Bible lets us know
that the Son of God above
came to earth to help us out,
showed us all what life's about.
Jesus, He is God alright.
His commandments guide us right.
He will bless us when we give.
Pray, and He'll forgive.

Ev'rybody, join this song,
worship all day long.
Holy Spirit gives us pow'r,
now and ev'ry hour.

So, sing Hallelujah, sing Hallelujah.
We are gathered here today,
to praise our God and pray.
So, sing Hallelujah, sing Hallelujah.
God is love, He can't do bad,
that's why He makes me glad.

Jesus died for you and me,
and his blood did set us free.
The holy communion
makes a union
with each other and with God.
It's His body and it's His blood
that is given us this day.
In His presence now we stay.

So, sing Hallelujah, sing Hallelujah.
We are gathered here today,
to praise our God and pray.
So, sing Hallelujah, sing Hallelujah.
God is love, He can't do bad,
that's why He makes me glad.

SJUNG HALLELUJA!

Söndagmorgon nu igen,
vaknar upp i förorten.
Jag hör kyrkans klockor slå.
Skyndar dit, jag längtat så.
Träffar många vänner där
och jag möter Gud så kär
i en helig atmosfär. En familj vi är.

Alla kom nu med och sjung,
Sjung till kungars Kung.
Är du gammal eller ung,
följ musikens gung...

...och sjung Halleluja, sjung Halleluja!
Vi har kommit, du och jag.
För vi vill prisa Gud idag.
Så, sjung Halleluja, sjung Halleluja!
I Hans närhet blir jag glad,
för Gud gör allting bra.

Vi får höra Bibelns ord,
att Guds Son kom till vår jord
för att göra gott och väl,
och att visa rätt och fel.
Vi får lära oss Hans bud
och att Jesus själv är Gud.
Han välsignar när vi ger,
hör oss när vi ber.

När vi sjunger denna sång,
alla på en gång,
Helig Ande hjälper oss.
Våga släppa loss...

...och sjung Halleluja, sjung Halleluja!
Vi har kommit, du och jag.
För vi vill prisa Gud idag.
Så, sjung Halleluja, sjung Halleluja!
I Hans närhet blir jag glad,
för Gud gör allting bra.

Jesus Kristus dog för oss.
Därför tackar vi förstås.
Och när vi får vin och bröd
minns vi Jesu död.
För det är Hans blod och kropp
som vi får. Han är vårt hopp.
När vi firar nattvarden
är Han nära var och en.

Sjung Halleluja, sjung Halleluja!
Vi har kommit, du och jag.
För vi vill prisa Gud idag.
Så, sjung Halleluja, sjung Halleluja!
I Hans närhet blir jag glad,
för Gud gör allting bra.

SHOW ME A WAY

Another day, another fight.
I can't stand it no more.
What is wrong and what is right?
I'm feeling so insecure.
Can I trust what my eyes see?
Is my mind full of lies?
Is this how it's supposed to be?
I need to break off these ties.

How can I change these reflections that are haunting me?
How do I know who to be?

Mirror, mirror on the wall,
not a sight of salvation?
I'm trying so hard not to fall,
into my own damnation.

How can I face these confusing words I hear again?
Someone help me through this pain.

"Show me a way!",
that's how I pray.
Am I okay?
Tell me today!

Can someone break this chain
that's driving me insane
or am I crying out in vain?

"Show me a way!",
that's how I pray.
Am I okay?
Tell me today!

STAY TRUE

We've known each other for a while now, you and I.
So many happy days that has been passing by.
We've had our share of fun and there is more to come
if we just keep on be the friends that we've become.

I'll always stay true to you.
I'll be there for you if you ever need me to.
I'm never gonna let you down. You see,
whatever goes around, just count on me,
'cause you're the best friend there will be.

Well, we have had our situations in the past.
Sometimes we feel like foes, but it does never last.
We always sort it out and then we start to laugh
when we remember all the fun we used to have.

I'll always stay true to you.
I'll be there for you if you ever need me to.
I'm never gonna let you down. You see,
whatever goes around, just count on me,
'cause you're the best friend there will be.

Yeah!
Yes, you're my best friend forever!
Forever!
Yeah!

If you have a best friend too,
keep cherish that friendship true,
then nothing will part you two.

I'll always stay true to you.
I'll be there for you if you ever need me to.

I'll stay true to you.
I'll be there for you if you ever need me to.
I'm never gonna let you down. You see,
whatever goes around, just count on me,
'cause you're the best friend there will be.

I'll always stay true to you.
I'll be there for you if you ever need me to.
I'm never gonna let you down. You see,
whatever goes around, just count on me,
'cause you're the best friend there will be.
Yes, we are best friends. You and me
will stay until eternity.
So it will be!

TRINITY

Timeless and boundless. You think you are free,
but your spirit is trapped in a faithless and meaningless lie,
waiting to die.

You must break up
now, you have to wake up.

There is faith,
there is hope
and there's love eternally.
If you seek you may find
what you need to be set free,
this trinity.

Year after year you've been fighting your demons
and day after day you must reap what you sow on your way.
No more to say.
You need a change,
though you might think it's strange.

There is faith,
there is hope
and there's love eternally.
If you seek you may find
what you need to be set free.
There is faith,
there is hope
and there's love of first degree.
Open up, clear your mind.
If you're blind, then you won't see
this trinity.

Faith...faith...faith...faith.
Hope...hope...hope...hope.
Love...love...love...love...love...love...love...love...love(3x)

There is faith,
there is hope
and there's love eternally.
If you seek you may find
what you need to be set free.
There is faith,
there is hope
and there's love of first degree.
Open up, clear your mind.
If you're blind, then you won't see
this trinity.

UNITED

When the day was shining bright,
when the darkness filled the night.
You were always there in my mind, in my heart.
Always wondered if you knew,
'bout my feelings towards you.
'Cause you were the only one, right from the start.

Didn't know what to say,
didn't know what to do.

But here we stand, today.
Love surely found a mysterious way.
Now you are mine, and I am yours and united, together we stay.

Couldn't take my eyes of you,
'cause my love for you was true.
Never knew that you felt the same thing for me.
Suddenly you're by my side,
all my fears were cast aside
And I let you in, you were holding the key.

Then I knew what to say,
then I knew what to do.

And here we stand, today.
Love surely found a mysterious way.
Now you are mine, and I am yours and united, together we stay.

VAGGVISA

Sov så sött mitt barn, du lilla.
I din säng nu vila stilla.
Natten lång Gud till dig ser,
sitt beskydd Han också ger.
Sköna drömmar han dig skänker
medan nattens stjärnor blänker.

När du så i morgon vaknar,
drömmarna du kanske saknar.
Men, då väntar en ny dag
och till Herren beder jag
att i många glada stunder
drömmarna uppfylls, likt under.

VENI, SANCTE SPIRITUS

Gud, hör Du de böner vi ber?
Jag söker ett svar, om Du har.
Gud, tvivlet på att Du oss ser
jag alltid bär kvar, alla da'r.
Gud, livet kan kännas så hårt.
Jag hjälper och ger till allt fler.
Gud, hur kan det vara så svårt?
Jag orkar ej mer, som Du ser.

Alla behöver en hjälpande hand
och Gud finns för oss genom den helige And-
-e. Han hör vad vi tänker, Han ser hur vi mår.
Han är den som hjälper och bäst oss förstår.

Jag kämpar med frågor jag har.
Gud, ge mig Ditt stöd i min nöd.
Jag lever på tron som finns kvar:
Gud, liv i från död Du oss bjöd.

Alla behöver en hjälpande hand
och Gud finns för oss genom den helige And-
-e. Han hör vad vi tänker, Han ser hur vi mår.
Han är den som hjälper och följer oss vart vi än går.

Herre Gud, jag ber nu Dig.
Låt din Ande fylla mig.

Veni, sancte Spiritus!

Låt Din Ande i mig bo.

Veni, sancte Spiritus!

Låt Din kraft uti mig gro.

Veni, sancte Spiritus!

Helig Ande, ge mig ro.

Veni, sancte Spiritus!

Anden bygger upp vår tro.

YOU ARE THE ONE

I did feel so sad and lonely
when I chose to go my way.
You really are the one and only,
there is nothing more to say.
On my knees I started praying
many nights and many days.
I knew I had been disobeying,
it was a fact I had to face.

And so, one day, when I felt weak and incomplete,
I heard a voice I knew, so beautiful and sweet.
I got so nervous; I could hear my own heart beat.
I didn't really know what I would do,

'cause You are the one that I love with all my heart.
You're the only to me.
And without You, I know my life will fall apart,
and that is not what's meant to be.

You came to me and You were saying:
"You're forgiven, you are free!
Just take my hand and I'll be staying
by your side, just follow me."

And then, You changed my life, did turn it all around.
It's true, that I was lost but now when I am found,
You've taken all the burdens that have kept me bound
and I'm so thankful of the grace You've shown me.

You are the one that I love with all my heart.
You're the only to me.
And without You, I know my life will fall apart,
and that is not what's meant to be.

You're the only one to me.
Yes, you're the only one I need.
